If the vote is sufficient for official action positive, a favorable recommendation will be certified to the legislative body. If the vote is sufficient for official action negative, an unfavorable recommendation will be certified to the legislative body. If the vote is insufficient for official action the hearing shall be continued to the next regular meeting or a fixed future regular meeting.

If the vote as aforesaid is taken at at least two regular meetings and shall be insufficient for official action, then immediately after the vote at said second regular meeting or at any subsequent meeting to which the matter under consideration has been continued, any member may, move the Commission certify a "NO RECOMMENDATION" vote to the appropriate legislative body. Upon second of such motion it shall have preference upon all motions then on the floor. Such motion shall not be subject to a motion to continue, and shall require a vote prior to adjournment. If the vote is sufficient for official action, positive, then the proposed amendment shall be forwarded with no recommendation from the Commission. If the vote is sufficient for official action, negative, then the amendment shall be continued to the next regular meeting. Hearing: (Procedures)

- a. Prior to any matter being heard by the Commission, there shall be a motion properly made and seconded by the Commission. The staff shall then present its review of the petition together with its recommendations and conditions. Subsequent to staff's presentation, the floor shall first be made available to the petitioner or his representative, then to any proponents of the petition. The floor shall then be made available to any remonstrators wishing to speak, and provision shall be made for rebuttal by the petitioner or his representative of the remonstrators' comments. However, no allowance shall be made for rebuttal on the part of the proponents or remonstrators. The time limit for each speaker shall be 5 minutes. (Amended 2-19-14)

Letters and written communications mailed, hand delivered, faxed or emailed to the Office of the Area Plan Commission in advance of the hearing are intended for persons unable to attend the hearing themselves. For letters to qualify to be entered into the record they must be 1) signed regardless of delivery method, 2) include the signer's address, 3) received no later than noon on the day of the hearing and 4) be no longer than two letter-sized pages, 11 point font size, double spaced with 1" margins. Letters sent to the office of the Area Plan Commission that qualify to be entered in the record will be read by staff, and once received the letter shall not be withdrawn. Once a letter is read at a meeting, it is a part of the record. The writer is not permitted to speak or submit another letter even at a subsequent meeting resulting from either an inconclusive vote or a continuance,

having originally chosen to submit a letter. Should the author be present at the meeting he will not be permitted to speak, having elected to present his views in writing. This rule shall apply to any written material on which four or fewer signatures appear or any petition of more than 300 words filed by the noon deadline. Any petition presented after the noon deadline or during the hearing shall not be read into the record by staff, but may be passed to the plan commission members. (Amended 2-19-14)

- b. A record shall be kept of those speaking before the Commission.
- c. The procedure for determining final Commission action on agenda items shall be as provided by State statute.
- d. Except for petitions submitted by a member legislative body or the Commission itself, as provided in statute, the Commission will only conduct hearings on such petition at which the applicant or his or her representative is present. Failure of such applicant or representative to be present will result in the petition being automatically dismissed by the Commission, provided, however that if prior to such hearing the applicant or representative has requested a continuance of the Secretary or the Commission, in writing, then the Commission in its discretion may grant a continuance, subject to the limitations in (e) and (f) below.
- e. A petitioner for rezoning is entitled to two continuances of no more than two (2) months each, whether requested by the petitioner or mandated by procedural failure (such as failure to post sign, or failure to provide sign posting affidavit or proofs of publication, etc.). After two such continuances, a petitioner's case shall be heard at the next regularly scheduled meeting of the full Commission, unless:
 - 1) it has already been withdrawn by the petitioner; or
 - 2) neither the petitioner nor his representative is present at the meeting, which shall result in dismissal; or
 - 3) there is a procedural failure, which shall result in dismissal as well; or
 - 4) a third continuance of no more than two (2) months is granted by the Commission upon a written request for such continuance setting forth the need for such continuance filed before 12:00pm on the day of the meeting and a finding by the Commission that the continuance is not made for the purpose of undue or unnecessary delay.

In no event shall the total time period of all continuances granted with respect to a petitioner's case exceed four (4) months. (Amended 6-18-14)

In the interest of maintaining an informed public, the Commission shall strongly urge petitioners to file continuance requests and withdrawal notifications in writing with the Commission's staff, by the end of the week prior to the scheduled hearing.

These limits to petitioner-created continuances shall not apply to Commission-created continuances, such as non-decisive votes, and motions to continue in order to gain more information or to permit a petitioner to amend a planned development rezoning proposal.

- f. A petition for primary subdivision approval is entitled to three continuances where

no vote on the application is taken. Such continuance may be at the applicant's request, or required because of failure to comply with a statutory, ordinance, or commission rule, or at the request of the Commission staff. The Commission may thereafter grant two additional continuances, but only if the applicant has:

- 1) erected a new sign at a different location on the property as determined by staff,
- 2) given new notice to interested parties as required for a new application under Sections 3.3(4)(d) and 3.4(5) of the Unified Subdivision Ordinance of Tippecanoe County and under these by-laws and
- 3) filed proof of notice and sign posting as required in these by-laws. If the applicant fails to give such notice and/or fails to file proof thereof, then the Commission shall dismiss the application.

Except for failure to give or file notice, nothing herein shall be construed as requiring the applicant to file a new petition or publish any additional notice in a newspaper. Having once followed this procedure, the petition shall be heard at or before the sixth public hearing or the petition shall be dismissed. Any further action by the Commission shall require the filing of a new petition.

Filing Requirements:

- a. Where any act or application other than for secondary approval is required in the subdivision process by the applicant, contract buyer, agent, subdivider, subdivision agent or legal representative, proof of the authority of such applicant, agent, subdivider or subdivision agent to act for or make application for the owner of the effected real estate shall be filed therewith in the form of a duly executed power of attorney, agreement to purchase, or consent in a form suitable for recording, specifically authorizing such applicant, contract buyer, agent, subdivider or subdivision agent to act for such owner in the subdivision process. In the event of legal representation, such legal representative when executing any application in the subdivision process, shall file therewith his statement as a licensed attorney of his authority to represent the owner in such process. Owner shall mean the person(s) whose name(s) appears in the Tippecanoe County Auditor's record for the effected tract.

Where any act or application for secondary approval is required in the subdivision process, the owner(s) shall sign the application and the final plats.

- b. In addition to other filing requirements specified by ordinance and bylaws, a petition to amend the zoning maps initiated by parties other than the Commission or any participating legislative body, must be signed by the owner(s) of a majority of the acreage included in the petition, or if the owners are represented by an agent as petitioner written notarized consent must be provided, at the time the petition is filed with the Commission at least 30 days prior to the hearing date.
- c. A complete petition for amendment to the zoning ordinance or the zoning maps of the zoning ordinance must be filed with the Commission at least 30 calendar days prior to the first hearing date on or immediately after said 30 days. A complete petition shall be one in which:
 - 1) there is full compliance with the form and substance required by the planning

- statutes of the State of Indiana,
- 2) the unified zoning ordinance of the appropriate jurisdiction,
- 3) these bylaws and the attachments made a part hereof, and
- 4) all information required hereby is correct.

After the filing deadline, the Commission's staff shall determine whether the filing was complete and all information correct. If the submission is found to be incomplete or to contain incorrect information, the staff shall notify the petitioner of the deficiencies. When the petition is subsequently found not to be complete, the request shall be continued to the first hearing date after said 30 days and shall be a procedural failure and considered as one of the two continuances provided for in Hearing Procedures paragraph e. of these bylaws. (Amended 5-17-00)

- d. A petitioner for a zoning map amendment shall file only one petition at a time for a specific property, unless that petitioner is the Commission or a member legislative body. No further petition shall be filed for that property until that zoning map amendment is finally adopted or denied.
- e. If a petitioner or his representative fails to follow proper procedures in developing his petition, the Commission may by vote dismiss such petition.
- f.
 - 1) The Executive Committee of the Commission on the advice of the Executive Director, may place any plat for which a request for hearing has been made on the Commission agenda, but such placement on the agenda shall be made without consideration as to whether the plat is in compliance with the Subdivision Ordinance.
 - 2) Following the initial application, when the petitioner initiates revisions, a revised minor sketch plan shall be filed with the Executive Director at least 14 calendar days prior to the date of the next regular or Executive Committee meeting. When necessary revisions have been requested by staff, a revised minor sketch plan shall be filed with the Executive Director at least 7 calendar days prior to the date set for public hearing.
 - 3) All plats submitted for approval by the Commission shall be filed with the Executive Director at least 30 calendar days prior to the date intended for public hearing. No revisions shall be permitted during those 30 days. Nothing herein shall prevent an applicant who desires to make revisions to the plat from requesting a continuance to a public hearing at a subsequent regular meeting, provided these revisions are filed no less than 30 calendar days prior to that public hearing.
 - 4) When voting on a minor sketch plan or major preliminary plat submission the Commission may vote for "approval," which shall mean the plan or plat as then submitted is in all respects ready for filing for final approval. The Commission may vote "conditional approval," which shall unless otherwise indicated on the ballot, include specified variances and include all conditions indicated on the Commission's staff report presented to the Commission prior to the vote and such conditions which by ordinance are to be fulfilled prior to final plat approval but not incorporated into the plan or plat. The Commission may add such other conditions which are legally permissible by the Subdivision Ordinance or require compliance with

provisions of the Subdivision Ordinance. The Commission may vote "disapproval," giving its reasons therefore.

- 5) All requests for variances from requirements of the Unified Zoning Ordinance, which must be acted upon by the Board of Zoning Appeals, must be granted prior to the filing of the final plat; if not they shall not be indicated on the final plat, and the Commission shall neither consider them at the time of public hearing nor consider them when voting on approval or disapproval. Requests for variances from requirements of the Subdivision Ordinance, which must be acted upon by the Commission, shall be submitted in writing to the Executive Director who will transmit such requests to the appropriate participating jurisdiction. Such filing will begin the 30 day review period provided for in Section 1.12 of the Subdivision Ordinance. Requests for variances may be filed with the application for primary plat approval. Following approval by the appropriate participating jurisdiction, variances from requirements of the Subdivision Ordinance may be granted by the Commission or its Executive Committee at any public meeting without notice. In no event may the final plat be filed prior to approval of such variances by the Commission or its Executive Committee.
 - 6) The Commission adopts the attached ballots as the official ballots for use in subdivision votes and variances from the Subdivision Ordinance.
- g. Pursuant to I.C. 36-7-4-608 (h), if a zone map amendment considered under I.C. 36-7-4-608 (b) is defeated under I.C. 36-7-4-608 (f) (3), (g) (3), or (g) (4), that proposal (zone map amendment) shall not be filed, for consideration by the Commission, for one year from the date of its defeat. (Amended 5-17-00)

Zoning Commitments:

Except as otherwise provided hereafter, a petitioner for rezoning who seeks permission from the Commission to make a commitment in connection with the rezoning shall file such proposed commitment at least thirty (30) days in advance of the Commission's vote on whether to allow the petitioner to make such commitment.

The proposed commitment shall be in writing, signed by the owners of the affected real estate, and in substantially the same form as attached to these bylaws. Six (6) copies with original signatures shall be filed.

Prior to the filing of the proposed commitment, the petitioner shall submit the proposed commitment to the appropriate administrative officer for review and comment. The petitioner shall then contemporaneously file with the proposed commitment a written acknowledgement from such administrative officer noting the date and time of the receipt of the proposed commitment. All comments subsequently received from such administrative officer shall be presented to the Commission prior to any vote by the Commission to allow the proposed commitment.

In the event that a petitioner for rezoning requests a continuance to allow the petitioner to make a commitment or modify a previously proposed commitment and such continuance is granted by the Commission less than thirty (30) days before the next meeting of the Commission, such new or modified proposed commitment can be considered by the Commission at its next meeting if the new or modified proposed commitment is filed, together with the acknowledgement of

receipt from the appropriate administrative officer, before the close of the next business day of the granting of the continuance by the Commission.

The Commission shall only allow commitments which address the following:

- m. Reduction in allowed signage area

The owner of real estate which is subject to a commitment may request a modification or termination of such commitment by filing with the Commission a petition for such modification or termination. Prior to filing with the Commission, the owner shall follow the same procedure prescribed for filing a new commitment with the Administrative Officer and obtaining a written acknowledgement. Such petition shall be in a form provided by the Commission along with the appropriate fee. A hearing in connection with the request to modify or terminate a previously recorded commitment shall be conducted in the same manner as a hearing on a rezoning request with notice given in the same manner as a rezoning request to the owners of all real estate that was subject to the original commitment and all adjoining real estate. (Amended March 20, 2013.)

Vacation of Plats - Hearing Procedure Notices:

The owner(s) may only petition to vacate a lot or lots within the plat owned by the owner(s). No partial lot may be vacated. Such larger area may only be included where the subject plat is a part of a larger area originally owned by the original subdivider, which larger area was subdivided prior or subsequent to the subject plat as part of an overall plan or scheme of development. In determining whether an overall plan or scheme was present, the Executive Director shall consider, where appropriate, the preliminary plat documents under Section 4.3 of the Subdivision Control Ordinance, and Sections 3.2(1)(b) and 6.1(4)(g) of the Unified Subdivision Ordinance as well as common name subdivisions, common covenants, common design factors and so forth. The Executive Director shall explain his determination and the factors used in writing. Executive Director.
